DIETARY
Acceptable Kosher Food Establishments & Guidelines

Our Board and staff recognize that our family members occasionally would like to bring in a special meal or snack for their loved ones. To facilitate this, below is a list of local kosher establishments that meet our kashruth standards as well as some additional guidelines. This is not a comprehensive list, merely a helpful guideline. We ask you to respect our kosher policy by only using food establishments or food products that meet our guidelines from this approved list. If there is another establishment that you would like to use, please contact Rabbi Zvi Kaplan at 973-400-3263 for guidance. If you wish to make arrangements to reserve space for a celebration, please contact 973-400-3302.
